Open to Remote Roles Worldwide

PROFESSIONAL SUMMARY

Senior Frontend Developer with 8 years of experience building responsive, pixel-perfect web interfaces from complex Figma designs. Specialized in HTML, CSS, JavaScript, TypeScript, and React — with 3 years of remote experience at Method1, a US creative agency, delivering production-ready frontends for premium beverage and lifestyle brands. Strong collaborator with proven async remote workflow experience across US time zones.

TECHNICAL SKILLS

Frontend: HTML5, CSS3, JavaScript (ES6+), TypeScript, React.js

Styling: Tailwind CSS, Bootstrap, GSAP Animations, Responsive Design, Flexbox, CSS Grid

Workflow: Figma to Code, Cross-Browser Compatibility, Performance Optimisation, Pixel-Perfect UI

Tools: Git, GitHub, Figma, Jira, Slack, Microsoft Teams

Soft Skills: Remote Collaboration, Async Communication, Time Zone Flexibility, Cross-functional Teamwork

PROFESSIONAL EXPERIENCE

Senior Frontend Developer

Feb 2023 – Jan 2026

Method1 · USA — Remote · Long-term Contract (Full-time Availability)

- Built and delivered pixel-perfect, responsive frontends for premium US beverage and lifestyle brands including Elijah Craig, Cape Tide, Evan Williams, Old Fitzgerald, Fuego Hard, and Rittenhouse Rye
- Collaborated daily with designers, project managers, and backend developers across US time zones using Microsoft Teams and Jira
- Translated complex Figma designs into clean, modular, and maintainable HTML/CSS/JS/React components
- Optimised websites for performance, cross-browser compatibility, and mobile responsiveness
- Contributed to frontend standards and workflow improvements across the agency's project portfolio

Frontend Developer → Team Lead

June 2018 – Jul 2023

Coding Pixel · Lahore, Pakistan · Full-time · On-site

- Progressed from Frontend Intern to Team Lead over 5 years, managing and mentoring junior frontend developers
- Owned frontend delivery across diverse client projects, maintaining code quality and review standards
- Built modern, interactive interfaces using HTML5, CSS3, JavaScript, and React for diverse client industries
- Implemented advanced UI animations and interactions using GSAP to enhance user experience
- Developed and customised WordPress sites with plugin integrations (WooCommerce, ACF, Elementor)
- Maintained cross-browser support, responsive design standards, and clean code structure across all projects

PROJECTS

- **Elijah Craig** — Premium bourbon brand — immersive frontend with scroll animations and polished UI [View](#)
